

[hiddn]™ SATA Adapter

Cost-effective protection of copiers, printers and office workstations

- Versatile & Robust Encryption Adapter for SATA drives

Incorporating the [hiddn]™ Crypto Module, this compact application enables full-disk encryption of any SATA drives

- Delivered either as standalone application for OEM into third party products, as a unit with hard drive mounted for insertion into third part enclosures or as a complete [hiddn]™ external hard drive end-product

- Transparent full-disk encryption of all data at rest

- All encryption keys and security data stored on a separate, physical smart card (Key Token)

Perfect for end-users and or OEMs for use in:

- DeskTops
- Copiers
- USB-drives
- Any type of storage application
- Other

[hiddn]™
